

Kingfishers Class Homework Summer 2024

All children are expected to complete the following each week:

1. **Reading** - Children are expected to read 5 x per week with an adult. Parents and carers are required to evidence 5 reads in Reading Record.
2. **Spelling** - Children will have a selection of words to learn each week at home, which they will be expected to apply in their writing. We do encourage that you test or practice these spellings at home as this will further consolidate your children's knowledge of the English language.
3. **Times tables** - Children are expected to learn their times tables up to 12 x 12. Knowledge of times tables form a vital foundation for many mathematical topics covered in the year. All children have access to Times Tables Rockstars to allow them to practise at home. Please can our Y4 children continue to practise for our MTC check using the following link: [Multiplication Tables Check - 2023 - Timestables.co.uk](https://www.timestables.co.uk)

Homework projects: Activities and projects will be set termly. Homework projects consolidate learning taking place in school. Studies have shown that home learning can be extremely important in a child's cognitive development. It has been proven that your engagement at home with your child's home learning accelerates their progress.

Please choose 1 homework project to complete this term (as well as your weekly spelling/ times table practice).

We are inviting parents into school on **Wednesday 12th June at 2.30pm** to look at homework projects. This will be an opportunity for pupils to show their learning, books and for home learning to be celebrated. Thank you for your ongoing support with your child's home learning.

Ms. Martin & Miss Tilley

Project 1 - ART/ SCULPTURE

In Art we are looking at the artist Claude Monet and the Impressionism movement.

This project is for you to research the artist and his work further. You will notice how he captured light and natural forms by painting outdoors with water colours.

Create an outdoor piece of artwork in his style to show something that you find beautiful.
Have fun and get creative!

Project 2 - EARTHQUAKES AND VOLCANOES

In Geography, we are looking at earthquakes and volcanoes!

Carry out your own research about famous volcanoes or large earthquakes that have made the news. How have these affected people around the world?

Create a project based on your findings. Present your project in any way you choose.

Project 3 - 'Creative Writing'

Take me out of this world with a story!

Who lives here?

What other creatures belong in this world?

What do they look like?

Do they have enemies?

What difficulties do they face?

How are they going to solve it?

What adventures are they going to go on?

How does it end?

OR

Write a persuasive letter about deforestation.
