

Personal, Social, Emotional Development:

We will be thinking about the importance of exercise and how we need to be resilient when things get tough.

Looking at the world around us, we will be learning how to be kind to living creatures and taking care of animals/plants. We will continue to build our confidence as we undertake new experiences and learn how to understand the feelings of others.

Literacy:

We will continue to develop our reading and writing further using the Read Write Inc phonics programme. We will begin to notice when we have made errors in our reading and notice if something doesn't make sense. In our writing, we will write sentences using a range of tricky words that are spelt correctly and begin to use capital letters, full stops and finger spaces.

Understanding the World:

We will explore where we live and our local area of Bude. We will find out about famous people from the past linked to the seaside. The children will plant their own seeds and make observations of how they grow overtime. In RE we will be looking at the questions 'Which places are special and why?' and 'Which stories are special and why?'

Communication and Language:

This term children will be encouraged to express opinions and feelings about events and activities in their personal lives at home and in school. This will include talking about experiences that they have had during the school year. We will be learning to recite and sing different songs and poems. We will talk about similarities and differences between things in the past and now.

Owl Class Termly Overview Early Years Foundation Stage Summer term 2023

The Prime areas of learning			
Communication and Language	Physical Development	Personal, Social and Emotional Development	
Specific areas of learning			
Literacy	Mathematics	Understanding the world	Expressive arts and design

Welcome to the Summer term in Owl Class! We have another busy term planned and are hoping to be learning outdoors as much as possible so please ensure children have water bottles and hats/suncream in school every day to keep hydrated and safe.

Our theme is 'Our Amazing Place.'

We have enrichment trips planned to Bude Castle and the beach.

Do ask if you have any queries about any of your child's learning.

Expressive Art and Design:

We will be observing caterpillars, taking photos and painting butterflies. They will also have the opportunity to try various fruits and vegetables and make their own recipe. Children will continue to build a collection of songs following the Charanga music scheme.

The children will continue to discuss and explore 'colour' through different activities including paint mixing.

Mathematics:

In Maths we will be building numbers beyond 10 using a range of resources, doubling numbers and practising sharing and grouping. We will think about odd and even numbers and adding and taking away numbers. Also, we will be looking at different patterns and relationships.

Physical Development:

In PE, we will be focusing on movement and athletics as well as ball skills and practising for sports day. We will be taking part in lots of fine motor activities to further strength our fingers including threading, cutting, pegboards and dough disco.
